- CHPTB

- Headquarters' Action re HIGHER and CHPTB

REFERENCE: SCAL-2849

1. In regard to the first item of Headquarters' action requested in reference, the HIGHER and CHPTB projects will be approved without Field review by 30 June. Please note that the project covering HIGHER has been renamed CHPTB, although HIGHER will continue to be used for the activity itself. Copies will be sent to the Field upon approval for your guidance and comment. If necessary, the projects can be amended. In order to help with your recruitment problems, however, project CHPTB provides for four indigenous personnel who will be expected to aid you with CHPTB, which does not provide for indigenous personnel.

2. The second item of Headquarters' action, concerning S/W on cloth, has been delayed as a result of personnel shortage in the research office as well as a misconception of the amount of cloth required. A problem has been encountered in producing the treated cloth on a mass basis, whereas a small quantity can be successfully supplied. Headquarters is investigating appropriate mailing addresses as well as selecting recipients for our largess. The Field will be informed as to the status of this project upon receipt of a final report from the research office.

3. FYI: ☐ ☐ will assume Headquarters' responsibility for the above projects upon the 4 June resignation of ☐ ☐
